Hi Aaron and Steve. Attached on my comments on the draft VB/-I-70 PMP, as well as my mark-up of the draft PMP, the SCAP-02 and the EI worksheets. As I've mentioned to you, I reviewed this from several perspectives including does the plan match SEMS and EI, are there any issues, does what is in the body of the draft PMP roll up to and support the first section, the Executive Summary.

I did not write these necessarily to be given to each RPM, though you could decide to. I definitely directed my comments to management.

I will be sending a similar email for each draft PMP.
